Administrators can be Disabled

OrderWise Ref:	60770
Menu Option:	Admin Configuration Administrators [New/Edit] Is Enabled Admin Utilities Audit Trail
Status:	New Development
Platform:	Trade Portal & Layout Editor
Licensed Feature:	No
Detail:	If the 'Is Enabled' setting against an Administrator is disabled, that Administrator cannot view the Admin panel. This setting will not show for Administrators of type 'Support' or 'eCommerce Root'. Additionally, the Audit Trail will show the linked Administrator in the Summary column for any Administrator events.

Stack Trace or Error Message Displayed in Email Log Details

OrderWise Ref:	60772
Menu Option:	Admin Utilities View Email Logs [View Detail]
Status:	New Development
Platform:	Trade Portal & Layout Editor
Licensed Feature:	No
Detail:	If an email fails to send, a stack trace or error message will be recorded depending on the reason for the failure. This information can be viewed in the details for an individual email log.

Allow 'From £0.00' Prices Against Products

OrderWise Ref:	60746
Menu Option:	OrderWise Stock Variant List [Add/Edit] Settings [tab] Allow zero sales price
Status:	Enhancement
Platform:	Trade Portal & Layout Editor
Licensed Feature:	No
Detail:	Product prices can be displayed from '£0.00' with the above variant setting enabled.

Manually Mark Order as Imported

OrderWise Ref:	59964
Menu Option:	Admin Orders All Orders [View] Mark As Imported
Status:	New Development
Platform:	Trade Portal & Layout Editor
Licensed Feature:	No
Detail:	When viewing an order that has not been synced to OrderWise, the 'Mark As Imported' button can be clicked to indicate the order has been manually entered into OrderWise.

Improved Appearance of Partially Despatched Orders Page on V2 Account Area

OrderWise Ref:	59262
Menu Option:	Admin Configuration Translations - Partially Despatched Orders - product_details - quantity_despatched - quantity_ordered - quantity_outstanding - title
Status:	New Development
Platform:	Trade Portal & Layout Editor
Licensed Feature:	Yes (V2 Account Area)
Detail:	The appearance of the Partially Despatched Orders page has been improved when the V2 account area is enabled. Text on the Partially Despatched Orders page can be changed using the above translations.

Variant Transactions Table Shown for Length Calculator Variants

OrderWise Ref:	59046
Menu Option:	Admin Configuration OrderWise Sessions - Variant Transaction Admin Design My Themes Edit Product Page [Add Block] Product Details [Settings] Content Rolls Table [Add Block] Product Details [Settings] Content Styling Rolls Table Max Height [Add Product Attribute] Rolls Table Admin Modules Length Calculator Settings General - Show Variant Transactions Table
Status:	New Development
Platform:	Trade Portal & Layout Editor
Licensed Feature:	Yes (Length Calculator)
Detail:	If a variant uses Length Calculator and the 'Show Variant Transactions Table' setting is enabled, the product page will display a table of the transactions. On Layout Editor, the location of the Rolls Table is controlled using either the 'Rolls Table' block or the 'Product Details' block. On Trade Portal, the Rolls Table always appears in the same location. The data in the table is updated using the 'Variant Transaction' OrderWise session.
