

OrderWise Invoicing Standard Layouts (Kit Item)

Version 19.8 - Current

These are the standard Invoicing related layouts within OrderWise Business Management software. This is not an exhaustive list but are the typical layouts used within this area of the software. If you require different information to be displayed or have specific branding that is required for your layouts, you should discuss these requirements with your Business Consultant or Project Manager.

The examples included are:

- Invoice
- Invoice Copy
- Credit
- Credit Copy

Your company logo and contact details will replace the Airbox details shown on these examples.

If you require different information or designs than the example included or require specific layout documents that are not included in these examples then please contact us to discuss this.
